- Rules for a team tie breaker** (Only use in the event you have 2 or > teams with the same records of 1 win and 1 loss (1-1) :
 - Tiebreaker #1- Point Differential:** The difference between winner and loser score - plus (+) if winner and minus (-) if loser. There will be a maximum value of +/- 15, regardless of the final score. Therefore, there will be no tiebreaker advantage whether winning by 15 points or 50 points.
 - Tiebreaker #2 - If two teams have the same point differential:** In the event that point differential does not settle the tiebreaker, and two teams are still tied, the head-to-head result between remaining teams will determine the higher seeding.
 - Tiebreaker #3 - If three teams have the same point differential:** Total points scored in the two pool play games will be the 3rd tiebreaker.

*** If this does not resolve the ties, a coin flip will be used to determine final seeding for Sunday's play.*
